Saturday Recess and Labor Uncertainties Lead to General Falling Off

NEW YORK, April 30.—The trend of prices was downward again at the dull opening of today's stock market, to the general reaction, with its attendant labor uncertainties, impelling further selling. Crucible Steel, minus its stock dividend was the feature, falling 9 1/2 points to 140. Losses of 1 to 2 1/2 points accompanied the early dealings in American Tobacco, United Fruit, Hide and Leather preferred and Chandler Motor. Readings, Southern Pacific, Baldwin Locomotive and several of the oil showed moderate improvement, but U. S. Steel soon declined a substantial fraction on renewed pressure.

Pooled stocks continued to be offered during the morning, but standard shares indicated moderate support. An early rally in oils, equipments and motors extended from 1 to 7 points. Rails also improved on a demand for Reading. Southern Pacific, Texas and Pacific, and Chicago & Northwestern. Much if not all of this gain was cancelled before noon, when General Motors, American Woolen, Corn Products, Industrial Alcohol and oils were subjected to greater pressure. Call money opened at 8 per cent, but it was generally expected that the rate would advance later. Liberty 3 1/2 at \$2.40 and first 4s at \$4.60 were at new low records.

Money became the overshadowing issue later, coal loans rising to 12 per cent. There had been irregular recoveries in steel, equipments, motors and oils, but the market soon moved into its previous state of heaviness, shipments also reacting sharply.

CHICAGO GRAIN.

CHICAGO, April 30.—Wet weather likely to delay farm work led to upturn today in the price of corn. Bullish estimates of the winter wheat crop together with talk of a possible return to war bread tended also to lift the corn market. Demand, however, was of only a scattered sort. Opening quotations, which ranged from 1 1/2 to 2 cents higher, with May \$1.73 1/4 to \$1.74 1/2 and July \$1.62 1/2 to \$1.63 1/2, were followed by something of a reaction, but then by a fresh advance.

Oats had an upward slant with corn. After opening unchanged to 8 1/2 higher, including July at 88 1/4 to 88 1/2, the market sagged a little and then hardened.

Provisions averaged lower. Support was lacking.
